Comfy International Convent School

Self-study(स्वाध्याय) is important aspect of effective learning/understanding.
it is most important to ACQUIRE PRACTICAL APPROACH OF THEORETICAL INFORMATION.

मैं शिक्षित होकर -
स्वस्थ रह सकूं
समृद्धि पूर्वक जी सकूं
संबंधों में तृप्ति पा सकूं।
व्यवस्था में भागीदार हो सकूं।

You are the student and you yourself is the teacher, concepts get cleared when you work it out yourself.

अध्ययन के दौरान अभ्यास

In this approach study becomes like research. And knowledge acquired by research is long lasting.

अध्ययन से अनुसंधान

When you embark on the quest of knowledge through self-study, you develop scientific and logical reasoning as part of the thought process.

Need:-

Whatever was being taught by the teachers, students were not able to keep in memory/recollect for long time because there was no efforts and involvement of the children to gain information from chapter.

Purpose: -

Ability to classify information according to life and academic and Self study,
to gain complete minimum accepted information,
creative with futuristic.

Procedure: -

Students read chapter,
find the meaning of each word.
After it classify the chapter in U-Understand, P-Problem, L-Learning for life and academic, C-Cause, Create and Complete Information.

UPLC

U-Understand
पठन / श्रवण
